The Purpose

The North Dakota Cattle Directory is produced by the North Dakota Stockmen's Association once every two years to help promote the excellence of the state's cattle and related livestock businesses. It is our sincere wish that this publication will help introduce cattle buyers to cattle producers and other agribusinessmen and women while enhancing the awareness of North Dakota's superior genetics across the state, country and world.

Office Staff:

EXECUTIVE VICE PRESIDENT:

Julie Ellingson

CHIEF BRAND INSPECTOR:

Blaine Northrop

COMMUNICATIONS DIRECTOR:

Emily Bendish

ENVIRONMENTAL SERVICES DIRECTOR:

Scott Ressler

SPECIAL PROJECTS DIRECTOR:

Elizabeth Neshem

BRAND RECORDER:

Stephanie Hille

OFFICE MANAGER:

Leann Rosencrans

ADMINISTRATIVE ASSISTANT:

Mary Goeres

North Dakota Stockmen's Association

For more than 90 years, the North Dakota Stockmen's Association has been protecting the interests of the state's cattle producers. The NDSA is the state's spokesperson for the beef cattle industry – a voice heard through the halls of the State Capitol to the state's farms and ranches and all the way to Washington, D.C. It can and does work 365 days a year for cattle producers. Nearly 40 unpaid officers and directors, as well as a dedicated office and field staff, work on their behalf. For membership information, call (701) 223-2522 or visit www.ndstockmen.org.

Executive Committee:

President:

Dan Rorvig, McVillie

Vice President:

Jeff Schafer, New Rockford

Past President:

Warren Zenker, Gackle

Executive Vice President:

Julie Ellingson, St. Anthony

Directors:

THRIVE

**Position your ranch to thrive with
the industry's most-favored female.**

Ranch Tested. Rancher Trusted.

Red Angus

An independent university study compared eight years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded up to \$11/cwt more than females of all other breed types.

THE POWER OF **BLACK.** **ONLY BETTER.**

HEREFORDS – THE EFFICIENCY EXPERTS

Adding Hereford genetics to your herd makes perfect business sense in a cost-driven economy. Excellent conversion, hardiness, fertility, longevity and even disposition can help reduce input costs. These Hereford efficiencies are ideal for your herd, your business and your plans for the future. Low-maintenance cattle, long-term profit. Now that's power.

TOGETHER, WE'LL MAKE YOUR NEXT GENERATION THE BEST

That generation is our number one priority. As a farmer-led cooperative, we use local boots on the ground, strong genetics from solid sires and a strategic approach to your goals utilizing data and insights. Together, we will design and implement a breeding strategy to plan your next generation, including:

- Synchronization program consultation
- Professional A.I. Technicians on staff
- Portable breeding barn
- Access to industry-leading genetics

Connect with your local team member today to create your customized plan.

IT IS AN EXCITING TIME TO BE SIMMENTAL

Members of the beef industry have a lot to say about **Simmental** and **SimAngus™**. This feedback is invaluable and tells us that **Simmental** is headed in the right direction. **ASA's** focus on profitability through science means that we will continue to put our customers' best interests at the forefront of everything we do.

Being a member of the
North Dakota Stockmen's Association
puts you in the
DRIVER'S SEAT

6 Reasons to be a North Dakota Stockmen's Association member

- To be in the driver's seat in your business!
- To take advantage of the NDSA's "pit crew" – fellow members, staff and other resources to give you an edge in your business!
- To earn the right to vote and initiate policy that affects your livelihood!
- To enjoy a free subscription to the 11-times-per-year, national award-winning North Dakota Stockman magazine!
- To give your herd extra protection against theft with the NDSA's up-to-\$14,000 reward program for information leading to the arrest and conviction of criminals who steal, shoot or butcher your animals!
- To be eligible for the drawing for "Bull Bucks" – \$2,000 toward a bull or female from leading North Dakota producers!

DON'T BOTCH WITH A BLOTCH

10 TIPS FOR A CLEAR, READABLE BRAND

1) Enlist an experienced crew. Even the best brand can be ruined if the iron is applied incorrectly. Those with the most experience should be the ones handling the irons.

2) Heat irons until they are wood-ash gray. Irons will turn this color when they are at the optimal temperature for branding.

3) Keep the hides dry. Branding irons work best on dry hides.

4) Clip the animal before branding when practical. Clipping the hair where the brand goes before applying the iron will help you yield a clear, crisp brand.

5) Apply the iron only until the hide is buckskin color. Less exposure will not burn deep enough. Longer exposure will cause the heat to erode the boundaries, blotch and blister. If you notice blisters immediately after you brand, you are holding the iron to the hide too long.

6) If the animal moves before you are done branding, reapply the iron. Instead of holding the iron in place and smearing the brand, give the animal a moment to relax and try again.

7) Keep the iron clean. Irons can build up layers of charred hair and debris and compromise the crispness and cleanness of the brand's lines. Periodically cleaning the iron with a wire brush will help.

8) Use the appropriate size iron. There are no legal requirements dictating the size of branding irons you must use, but the NDSA generally recommends that, for older animals, characters are at least 4 inches in length and have a 3/8-inch face. For calves, a 3-inch-character iron should be adequate, unless it has many intersections and small spaces.

9) If you brand on the hip, keep the brand up high. When you register a hip brand, you have the right to the whole hip. Avoid placing your brand low on the leg, where it is hard to read and is easily covered.

10) Consider the likelihood of blotching before you register a brand. Because of their intersecting lines, brands containing Bs, 8s and Rs are most susceptible to blotching because there is so much heat concentrated in a small area. Therefore, select brands carefully. What looks nice on paper may not look so nice on a hide.

IMPROVE YOUR HERD.

Compare our Ingredients and
Guaranteed Analysis to any other
competitive supplement tub!

- Improved Performance
- Boost Bull and Cow Fertility
- Minimize Animal Stress
- Higher Plane of Herd Health
- Better Conception Rates
- Increased Milk Production
- Quicker Breed Back Rates
- Heavier Weaning Weights

OLS Tubs is family owned and operated, offering the ultimate low moisture supplement for your livestock. We provide the perfect carrying system for proper nutrition in your herd - complete with chelated trace minerals, concentrated vitamins, prebiotics and probiotics, and all natural protein. Always putting the customer first, we guarantee superior quality and consumption control. You can reduce your overall cost per head per day with OLS supplements by enhancing your livestock's digestibility and making everything they consume 25-35% more valuable to them. Our supplements are highly concentrated, meaning a small intake yields big results!
